MACHO-MAKERS

(a.k.a. Cutout Moustaches)

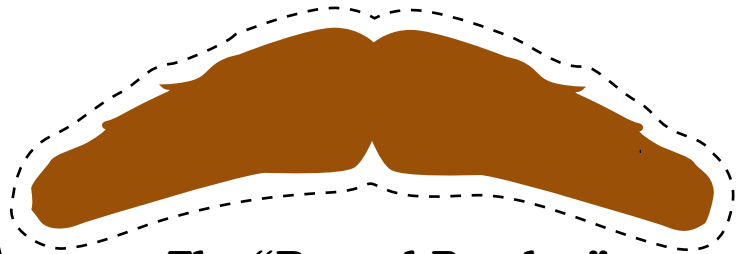

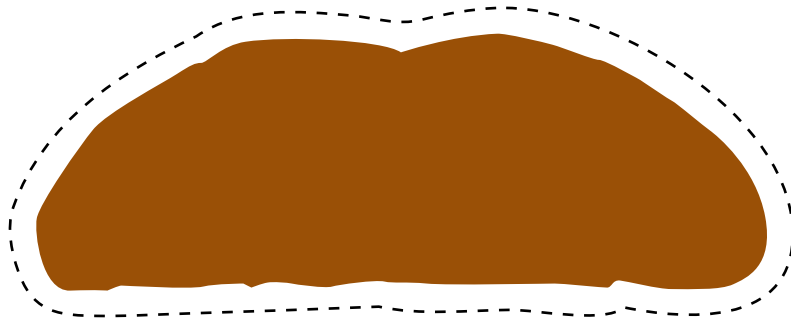

INSTRUCTIONS

CUT IT:

Cut out your desired moustache inside the dotted line. For the most foxy appearance, cut right along the edge of the moustache.

STICK IT:

Use tape, or other skin-safe adhesive to attach the 'stache' to your face and get ready to get groovy with all the foxy ladies lined up at your door.

Trim inside the dotted line.
